

CALL FOR PARTICIPANTS

APOLLO DIALOGUES WORKSHOP: NEW PERSPECTIVES ON SPACEFLIGHT IN SOCIETY

**Convening Friday, December 7, 2018, 8:30 a.m. – 5:00 pm
at the Smithsonian Institution Ripley Center on the
National Mall in Washington, DC**

**Sponsored by the National Air and Space Museum
Space History Department and NASA History Division**

The 50th Anniversary of the Apollo 11 landing on the Moon offers an opportunity to reflect on what we know about the Apollo era and its legacies, what we still need to learn, and how we may best record and interpret the significance of spaceflight in society today and into the future.

We invite colleagues whose research and writing extend our understanding of Apollo, the Apollo era, human spaceflight, future space, and related areas to join together in assessing the current state of the field, suggesting new lenses for analysis and interpretation, and considering new paths for future scholarship.

Smithsonian
National Air and Space Museum

We seek to engage 50 to 100 participants representing:

- A mix of senior, mid-career, and emerging scholars and writers.
- Participants within and beyond the disciplines of space history and the history of science and technology, including other fields in the social sciences and humanities.
- Journalists, writers, and others who are not-Ph.D. historians who present history in well-researched forms in the print and broadcast media, documentary and feature films, popular literature, and the arts.

We plan to make travel grants up to \$500 to graduate students and others with demonstrable need.

We hope to catalyze new research leading to a second workshop in late 2019 and resulting in a publication before the Apollo 17 Anniversary in 2022.

See the following application for more information.

Please share this announcement and application with others who might be interested.

APPLICATION TO PARTICIPATE

IN THE APOLLO DIALOGUES WORKSHOP

NAME: _____

AFFILIATION: _____

ADDRESS: _____

EMAIL: _____

TELEPHONE: _____

DISCIPLINE: _____

RESEARCH
INTERESTS: _____

- STATUS: Senior Scholar: Tenured Faculty, Widely Published
 Mid-Career Scholar: Junior Faculty, Published
 Emerging Scholar: Graduate Student or Recent Ph.D.
 Public Scholar, Journalist, Author, Film-maker, Artist

TRAVEL GRANT NEEDED? YES _____ NO _____

The Workshop format will include several provocative TED-type talks and moderated roundtable discussions organized by different perspectives on space history past, present, and future.

To help us organize the roundtables, please check or circle in the chart below at least two areas of research interest in which you would like to join colleagues exploring fresh approaches to space history and contemporary spaceflight.

African Americans	Architecture	Archives	Arts	Biography	Business / Industry
Civil Rights	Diplomacy	Economics	Engineering	Entrepreneurs	Environment
Film	Immigration	Innovation	Institutions	International	Labor
Latinos/Hispanics	Management	Memory	Minorities	Myth	Oral History
Photography	Policy	Popular Culture	Populations	Private Enterprise	Public History
Regional USA	Religion	Rhetoric	Science	Social & Cultural	Soviet/Russian
Symbols	Technology	Tourism	Traditions	Women & Gender	Other (specify)
Other (specify)	Other (specify)	Other (specify)	Other (specify)	Other (specify)	Other (specify)

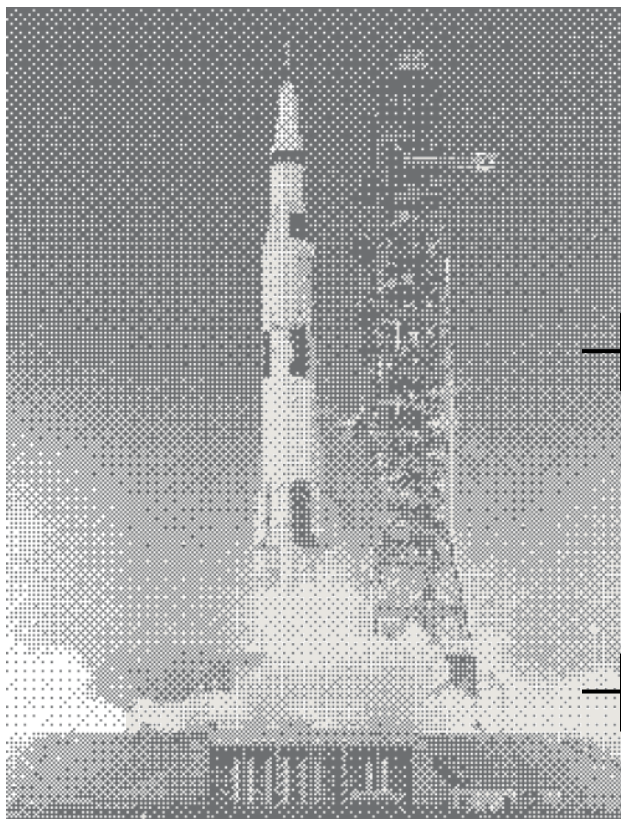

Smithsonian
National Air and Space Museum

Would you be willing to give a TED-type talk on a fresh approach to the study of spaceflight? What would you accent?

Would you be willing to moderate a roundtable discussion? Which one(s)?

Please submit your application to NASM-ApolloDialogues@si.edu by **August 31, 2018**.

We plan to send acceptance notices to participants and invitations to speakers/roundtable moderators by September 30, 2018.
